## The Ash and Misty Theory...

Just An Idea

><br>By RainbowKat

> Disclaimer: I do not own Pokemon.<br> Author's Notes: Having writer's block for a time, I decided to post something

>up that would help me write something. I had an idea about this last night. (This isn't<br>really what I think is true, but anyway I wanted to see everyone's reactions).

><br> Misty is/was Ash's Cheerleader Theory :)

><br> You know all of Gary's Fanclub, the cheerleaders? How they travel with him

>everywhere, to Pokemon battles and Gyms? Misty travels with Ash all the time, right? <br>What if Ash purposely broke Misty's bike to make her travel with him to boost his ego

>with having an audience? Here's what I mean:<br>

> Ash: (thinking) Gary has all those cheerleaders to watch him win. It must boost <br>his ego. I need a cheerleader to help me too, and that girl Misty might be the

>personcheerleader I need. (Not that Ash is that smart to think like that) ^\_ ^

> <br> Anyway, he made a mistake about Misty, thinking that she was girlish and now

>she travels with him so that he would pay her back on the bike.

Somehow they fell in<br>love (or maybe not, it's your opinion), and it's up to the writers of Fanfiction.net

> to write about them. ^\_ ^<br>

> Or The Usual Ash and Misty Theory <br>

>Ash needs to pay back Misty for her bike (it is not on purpose) and they fall in love,<br>even though they never tell each other.
